25 department in the same manner in which the regular supplies for
26 the department are obtained and the same shall be considered
27 and accounted for as if obtained for the use of the department.

28 EXPLANATION

29 This bill rewrites provisions in Code chapter 136, relating
30 to the organization and duties of the state board of health.

31 The revision remains very similar to the current statute.

32 The bill revises the membership of the board itself. Under
33 current law, the board consists of five members learned
34 in health-related disciplines, two members who have direct
35 experience with substance abuse treatment or prevention, and

1 four members representing the general public. Under the bill,
2 board makeup consists of two members learned in health-related
3 disciplines, three members who have direct experience with
4 public health, two members who have direct experience with
5 substance abuse treatment or prevention, and four members
6 representing the general public. At least one of such members
7 shall be licensed in the practice of medicine and surgery or
8 osteopathic medicine and surgery.

9 The bill amends Code section 136.3, relating to the duties
10 of the board, by reorganizing the Code section and updating
11 language. The bill eliminates some specific duties and sets
12 the board duties in general terms. Many of the specific duties
13 are now encompassed in the board duty to "[a]dopt and implement
14 the Iowa public health standards".

15 The bill revises Code section 136.5 to provide general
16 guidelines for the number of meetings the board shall hold
17 annually rather than specific meeting dates and directs the
18 department, rather than the president of the board, to give
19 notice of meetings. The bill also amends Code section 136.7 to
20 provide that the board shall elect a chairperson rather than a
21 president.
